We may say today of members of our society that they are "Half Way To Tomorrow."

So it is, although on a smaller scale, with each student at El Dorado High School.

As seniors, we have passed the trying and experimenting years of childhood. We have grown to near maturity and each of us anxiously awaits the moment when he can step independently toward his own private "tomorrow" and collectively toward the betterment of our society.

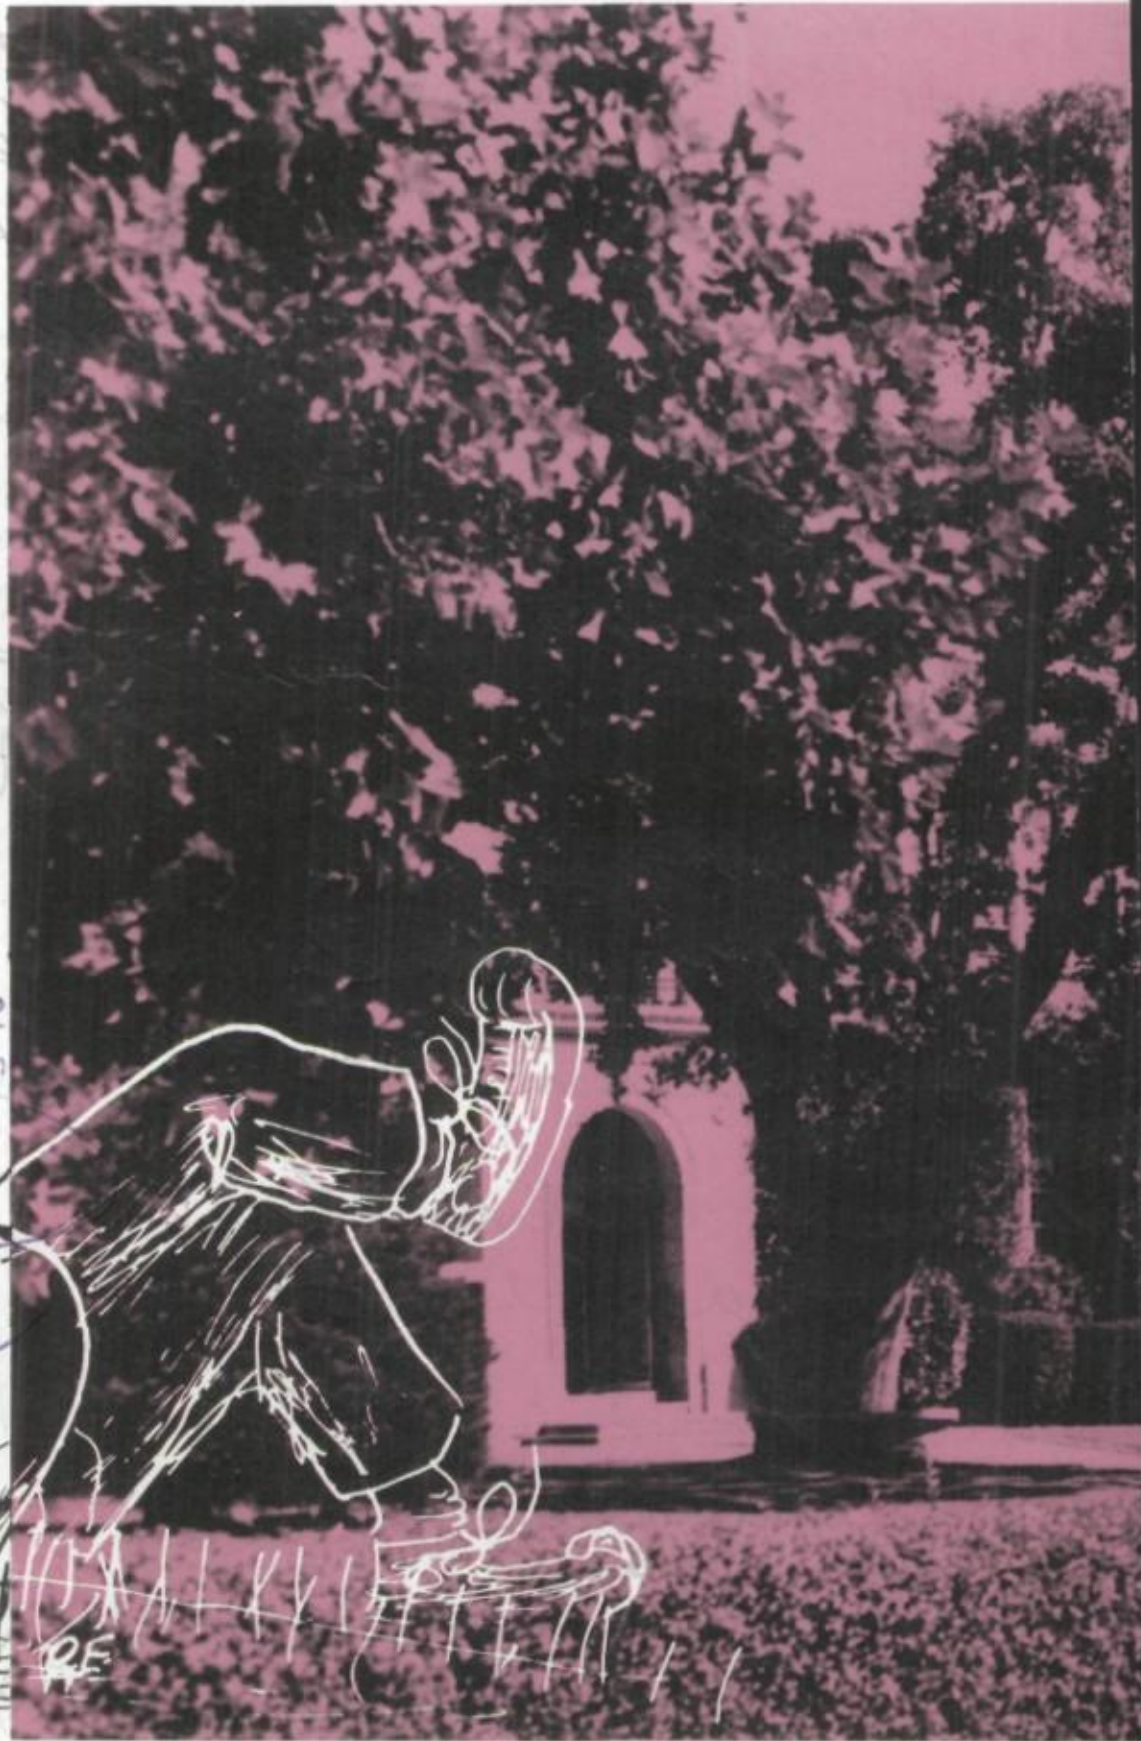

And as each achieves his private goal may we hope to meet again — fond past memories never overshadowed by the bright success of the present and the promise of an exciting future.

Bob,

It's been a pleasure having you in a few classes through high school. I hope you enjoyed high school as much as I did. I want to wish you the best of luck in life and take good care of yourself.

Bob, To a neat guy. Hasn't it been a riot in English Mr. Ramsey is all right once in a while. Be good if it possible June '65 year team

To you, Mrs. Frost, we proudly dedicate the 1965 edition of the Riffle. It is an honor to pay tribute to one who has become such a genuine part of El Dorado High School. Your interest in students and your eagerness to help us have endeared you to all who have come under your influence.

In Memoriam

The students of El Dorado High School were shocked to hear of the automobile accident on December 18, 1963, which resulted in the death of their fellow classmate, Carl Gustavson. It is with great sorrow we think of Carl, but we remember with pride his contributions to our school and to the life of his fellow students.

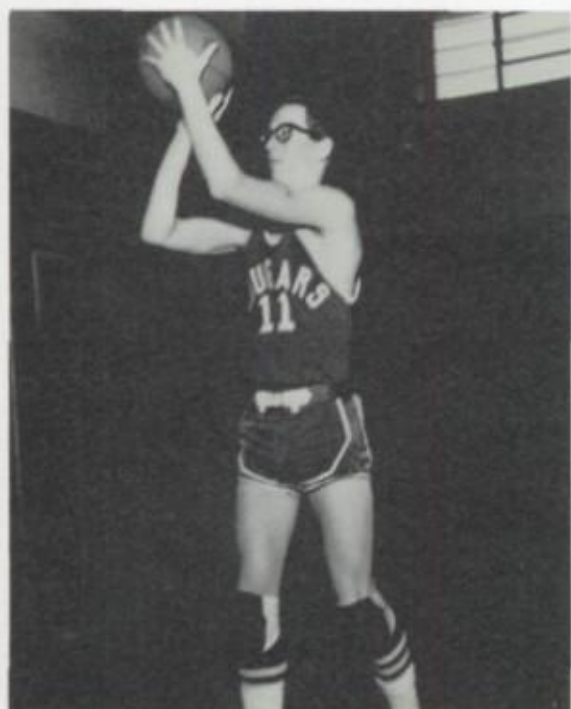

Carl was born in November 11, 1945 in Sacramento, California. While attending high school Carl served as president of the Pep Club and was an active member of the varsity basketball team for two years.

Carl Frederick Gustavson
1945-1963

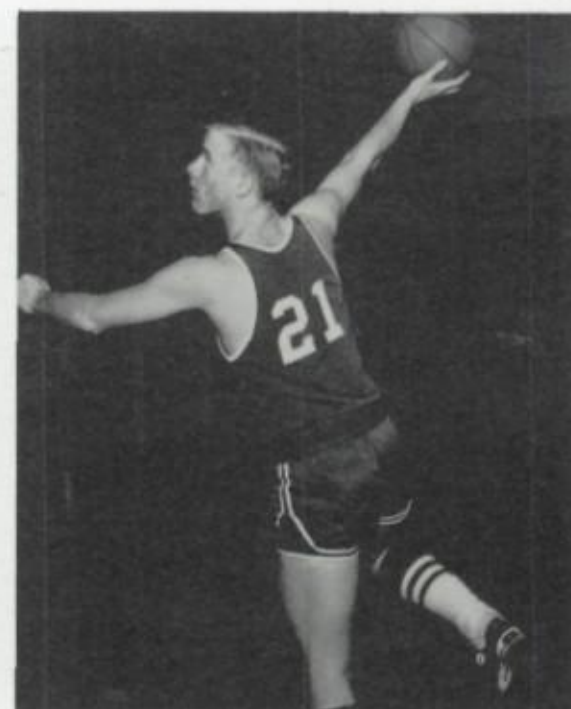

This is a photograph of the Carl Gustavson Memorial Trophy. It was presented to the school in behalf of Carl in 1963. The Block "E" society awards this trophy annually to the most inspirational varsity basketball player.

Bob,

I remember the days I met you?
But I hope you don't? I should
help kick out more after as I could
stand at the front window as watch
you work on your rod. (a real
boss car I have to admit?) if you
ever get it finished... I'd like to say
my house occasionally so I'll
know where son "Bud" Pollock
ship is a good place to be for ever
had to be in the house.
